Personal website

The topic is free but you can do about your hobbies or make your CV for example.

The elements that should appear on your web page are:

1. Images, paragraphs.
2. Containers <div>.
3. Float, clear properties in images, containers, etc.
4. Styles in Hyperlink (hover, etc).
5. Transparencies and shadows (in text, images, containers, etc).
6. Animated elements (optional).
7. Youtube Video links (optional).
8. Background images in containers.
9. All links or hyperlinks should work.
10. Forms with delete and send buttons. All elements organized in transparent tables or using margins or other techniques.
11. First-letter Selector.
12. More special elements you want.
